## STRATHMORE STAMPEDE JULY 16th

VOL. XV, No. 41

Strathmore, Alberta, July 9th, 1924

Subscription per Annum, \$2.00, Foreign \$2.50

### STRATHMORE STAMPEDE

### Dalemead Doings

### Strathmore Loses Game With Langdon

### Weather and Crop Report

Next Wednesday, July 16th, Strathmore will be the scene of much kattle and activity. The streets will be thronged with cowboys and cowgirls, ready, etc., will be sold to those willing to buy, and the profits all go to the worthy cause.

#### The Worthy Cause

#### Athletic Sports 10.30 a.m.

Commencing promptly at 10.30 a.m. the athletic events will take place. One mile relay race, half mile race, high jump, pillow fight, married ladies and foot races for men and ladies, boys and girls, of all ages and sizes. No entry fee will be charged for these events—and remember—they start promptly at 10.30 a.m.

### Standard News

At 1 p.m. the big western sports start. Bucking, steer riding, roping, horse races, Indian races, nailing with spurs, demolition races, tug-of-war, etc. in fact nearly every kind of western sport.

Prizes will be given for the best bucking horse, best dressed cowboy and best dressed cowgirl, also a special prize from Layzell and Thompson for the best looking saddle horse on the field.

This stampede is a member of the Canadian Cowboys' Association, and nothing but association rules will be used.

Strathmore citizens' band will be in attendance and will render many selections for the large crowd.

#### Dance in the Evening

The G.W.V.A. will stage a gigantic stampede dance in their Memorial Hall in the evening, for the benefit of the stampede spectators. Special arrangements will be made to make this the best dance of the year. A delightful supper will be served at midnight to the ladies, who are starting to effort to help make this a success.

Mrs. Trailor, of Calgary, has promised the boys the magnificent pipe orchestra obtainable. Amid the strains of this orchestra many hundred feet will be tripping the light fantastic to the early hours. Made sure that we see yours among 1000.

#### Ground Facilities

The local veterans are establishing a rest room for ladies and children at the grounds, where all ladies with their children may go when in need of rest.

#### PROMOTION LIST, DANA S. D. NO. 205

Promoted to Class B—Algar Nelson V. Forrester, M. Hasmussen, Ruth Lollson, Durga Larsen.

#### Promoted to Grade I

Dagner Hansen, Nels Peterson, Edith Castella, Roy Sorenson, Vera Gibson, Thelma Hasmussen.

#### Promoted to Grade II

Edna Gibson, Estella Gibson, Ethel Sorenson, Helen Hansen, Herman Hansen, Stuart Hasmussen.

#### Promoted to Grade III

Mac Sorenson, Hredahl Buckwald, E. Nielsen, Esther Castella, Johanna Jensen, Margaret Hasmussen, H. Larsen, Freddie Christensen, Roy Sorenson, Leslie Nelson, Walter Hansen on trial.

#### Promoted to Grade V

Mary Jensen, Florence Messinger, Viola Hansen, Harold Larsen, Karen Hasmussen, Lena Jensen, Agnes Hasmussen, John Sorenson, Nena Larsen, Dora Hansen.

#### Promoted to Grade VII

Peter Andersen, Helen Lee, Martha Webb, Ellen Andersen, Bert Lee, W. Larsen, P. Friggle, Ingaborg Hasmussen, Hazel Nelson, Vilgo Madsen, Nels Hansen.

#### Promoted to Grade VIII

Walter Hansen.

Lionel Gilbert, and his mother but last week for Bassano, where they are visiting relatives, and friends.

A very interesting service was held on June 29, when Mr. Siemens, Y.M.C.A. man, and brother-in-law of Mrs. M. King, gave an address on International Brotherhood. Mrs. King and her two sisters, who are also visiting here, gave two colonial songs.

Florence Myers left for Battaram, Saskatchewan, where she will be visiting her parents for some time.

On July 2nd, the Langdon girls came over and waged a good game of baseball against our Dalemeads. The score stood 25-4 in favour of Langdon. Better luck next time, girls. There's still time to win some other day. You never can tell.

The worst thing about us are our best things gone wrong. (Cover)

A big U.F.A. dance was held on July 4th in the community hall. The July Boys, from Calgary, supplied the music, and everyone had a good time.

The Juniors did not hold their meeting last week, but will hold it on Saturday, July 12. Everybody come. There's a real treat in store for you.

We expect to go to Banff this summer, and we have finally decided that it's going to be better than throwing off a car of coal.

#### ALBERTA TO CHICAGO BY TELEPHONE

Further extension of phone connection between Alberta and distant parts of the continent has been established. Last year the opening of the new long distance line from Alberta to Manitoba took place. This year it has been possible to effect telephone connection as far west as Chicago.

On Friday, July 4th, Strathmore played Langdon on the local diamond, and lost to the visiting team by a score of 11-6.

On the whole the game was very close, both teams playing good ball. The Strathmore lineup is as follows: C. Barry Way, and Oliver Turner, P. Clark and Crellin, 1st J. Kimmend, 2nd Warburton, 3rd Mackie and 4th Way, short, C. Fred Watts, 1st, Bill Gray, c. 1. Fred Watts, 1st, Bill Kimmend and N. White.

#### FRENCH-CANADIAN VISITORS

A party of French-Canadian visitors have left Montreal for a tour of Western Canada over the Canadian National Railway and will spend a day or two in the Edmonton district, arriving in Edmonton July 5. They will investigate particularly the St. Paul de Mele district northwest of the city. The object of the tour is to see the settlement possibilities of the West.

### Coming Events

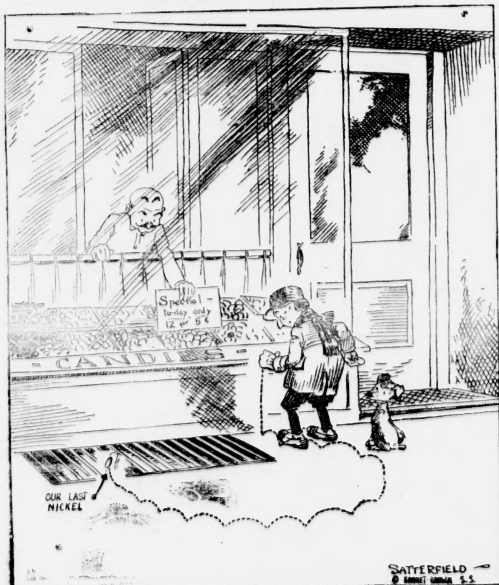

The local U.F.A. are looking orders for a car of wine. Please phone your requirements or for information to J. West, Secretary, 1309, Strathmore.

Strathmore Stampede, the big day of Western sports. Don't forget the date, July 16th.

#### WHEAT POOL MEETING

A meeting of the Nightingale Wheat Pool Local will be held at Nightingale Hall on Thursday, July 17th, all members requested to attend.

### Days We'll Never Forget

WINNIPEG, Man., July 7th. (7th) last week has been one of high temperature and sunshine throughout the west, according to the weekly crop report issued today by the Agriculture Dept. C.P.R. The report states that the growth of all crops is very rapid and everything except late sown wheat is showing signs of coming in to head. Extreme heat has been trying to the crops for excellent root system has developed during the protracted cool spring which has enabled grain to stand up well in large sections of Saskatchewan and Alberta particularly in the later province have experienced good rains during the week apart from these areas and north, especially in Manitoba. Rain is needed in some sections. Cattle are grazing in the prairie provinces this report says, and are not troubled so far this season with flies and other insect pests.

Livestock receipts and prices at stock yards continue about the same as last year. Demand for farm help is at minimum with sufficient applicants to meet requirements. In Manitoba the crop outlook is decidedly good, but grain have reached the stage that when given rain and good growing weather, a fine crop will result. Summerfall particularly is looking fine, but fall and spring plowed lands, generally speaking, need rain. All crops in this province are later than last year, and will have to show unusual development in order to be ready for the harvest at an early date. Crops in Saskatchewan, although in a healthy condition are late. A great improvement is shown, however, as the result of better growing conditions. West, central, and north western areas have experienced some precipitation during the week, but more is required. Some of the early sown wheat is coming in to head, and is in twenty-four to thirty inches in height.

Forest ten caterpillars are doing heavy damage to trees in the southern portion of the province. The report states that crop and forest continue favourable in Alberta, and were further benefited by showers over sections of the earlier wheat coming into head. Late and barley are in the same condition as the wheat.

The cutting of alfalfa has commenced in numerous districts, and the crop is very satisfactory. A great deal of new breaking and summerfallowing is reported.

Weather conditions are dry and hot in the Edmonton, Duvange, and B.C. districts. Crops at most points are suffering from lack of moisture. Wheat in Westcott district is heading out, and is only nine to ten inches high. Rain is needed at all points and is required in many districts in B.C. Fruit trees, however, are healthy and vigorous, and may possibly make up in size for shrinkage in numbers. Cherry picking is well ahead. Tree crop is inclined to be light, but the quality is good. Strawberries have passed the peak. Crops of apples and pears are in good condition and prices fair. Raspberries are now moving in full volume, looking well, and should be a full crop.

#### ENTHUSIASTIC WAR ON WEEDS

The greatest co-operation is being offered by municipal districts all over the province, with the provincial Department of Agriculture and the engaged in the campaign against weeds, states W. J. Stephen, Field Crops Commissioner. Never before has there been such co-operation among all concerned in this work. There is not a municipal council in the province which has refused to co-operate in the work, and many of them have already appointed weed inspectors. In some cases the councillors themselves are acting as inspectors. Through the efforts of the government officials and councillors of municipalities, individual farmers are undertaking experiments in weed control, so that at the end of the season it will be possible to form definite conclusions as to the best methods of handling the weeds of the province.

#### ALBERTA BUTTER FOR BRITAIN

A shipment of some 1,200 boxes of Alberta butter will be made shortly to the British market by way of Vancouver and the Panama. The shipment is being consigned in Calgary, and will be made from cases. Last year a considerable quantity of Alberta butter went to Britain by this route, and much of the ultimate market in a most satisfactory condition.

#### Town of Strathmore

#### NOTICE RE. STAMPEDE DAY

PUBLIC NOTICE is hereby given that all stores in Town will be closed between the hours of one and six p.m. on Wednesday, 16th last, STAMPEDE DAY. For the convenience of the public store will re-open at 6 p.m. By Order, F. R. McLELL, Sec. Treas.

## The simple, sure way to keep that schoolgirl complexion

Youthful complexions are becoming the rule—even in middle life and later years. For millions now follow a simple rule—a method you, too, may easily employ.

### Do this at night

Cleanse the skin regularly, authorities say, to keep your complexion lovely, radiant, youthful, but beware of harsh cleaning methods. They injure skin. Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, soapy lather well into the ting-

ling pores. Rinse—no and repeat the washing. Then wipe again. This will also do away with a little dirt cream. There is no such as care for a skin injured by cosmetics, by wind and sun, or by dirt.

### The simple, correct way

You cannot find a more effective skin-lavender treatment. Palmolive Soap is made of pure

olive and olive skin—genuine for skin use, thoroughly cleansing and soft. And it is gentle. All doctors favor Palmolive Soap. Try it. It will not only keep your skin soft, but will improve your skin. Note well the name and wrapper. Palmolive is never sold in bulk.

There is a rule that you may apply it for the bath also.

Made in Canada

Volume and efficiency produce 25% quality for 10c

## Social-Personal

Dr. L. G. Robinson, dentist, Strathmore, desires to announce that his office will be closed from July 24th to about the middle of August while taking his vacation.

Mr. Lily and daughter Marion have left for Calgary where they will spend a few days.

The Lord Bishop of Calgary paid a visit to Strathmore where he conducted confirmation service at the Church of England on Sunday, July 6th.

Mr. and Mrs. T. Crawford and family spent the week end in Banff.

The Women's Club held their last dance of the season on Thursday evening, the 4th to July, in the hall of the Strathmore Hotel. The dance was very successful. The first prize was won by a couple decorated with orange streamers and orange and white California garlands. Mrs. Little supplied the music and the dance lady made a very good one. The contest dance was the waltz in the evening and was the most of great north and history. The contest dance was won by a couple of dancing 10 and 10, when three young couples were given for the Women's Club. In the absence of Mrs. A. B. Young and Mrs. Douglas Young, Mrs. Wible and Mrs. J. Young acted as hostesses.

All the girls in the club who were to camp on July 24th will please communicate with the secretary, Miss Robinson, immediately at once on receipt.

Mrs. Frank Mertens and her mother, Mrs. Davies are visiting Mrs. Davies at Leithville, who recently underwent an operation for appendicitis.

Mr. and Mrs. Poyntz Patrick, of Vancouver, Washington, visited Mr. Patrick's brother Mr. G. H. Patrick for a few days last week, en route for Ottawa.

The Rev. Father Fitzpatrick, of Mount St. Charles, is conducting a mission at the Sacred Heart Church this week.

Mrs. Masson, Mrs. Kewling's sister, left on Sunday last for her home in Vernon, B. C.

Mrs. Brown and her daughter Miss Brown, formerly a teacher in the High School here, are visiting in Strathmore for a few days.

Mrs. Masson, Mrs. Kewling, Black Innes, and Miss Charlton, of Calgary, visited Mrs. A. C. Quinn on Wednesday of last week.

Mrs. Sorenson was the hostess, last Wednesday, of a delightful luncheon at which covers were laid for six, the raison d'être being Miss Constance Draper, of Vancouver who is visiting Mrs. Kewling. Those present included Miss Draper, Mrs. Kewling, Miss Winifred Kewling, Mrs. Gilbert Patrick and Mrs. W. Poyntz Patrick of Vancouver, Washington.

## Namaka Notes

Mr. and Mrs. Lloyd Wheeler returned home from their trip through the mountains last Monday last. They report a first class trip.

Mr. and Mrs. H. F. Colpoys have returned from their recent trip through the mountains. They say the mountain highway is in great shape.

Mrs. H. B. Womack has entered six exhibits in the art class at the Calgary fair. Four are water colour paintings and two sketches, we wish her success.

Mr. J. Murray, a one time resident of Namaka, paid a short visit to Mr. and Mrs. J. W. McIntosh.

Mrs. and Margaret Sim, returned from their vacation on Friday last.

Mr. Fred Watts commenced his holiday on Monday July 7th, the U. G. elevator will be closed until the 21 when he will return.

Mr. Wm. Marshall unloaded 95 head of nice stock. He is pasturing these on the flat.

Quite a number of residents left on Sunday for Calgary to take in the fair.

DATES FOR FIRST CORN SHOW  
Dates for Alberta's first corn show have been set for November 13th and 14 at Medicine Hat. This year about 160,000 acres of corn are being grown in Southern Alberta.

## Golf Notes

At the fifty-ninth minute of the eleventh hour word was received from Calgary on Saturday last that the holders of the Championships would not be in Strathmore to play the course.

It is expected that they will play the course on Wednesday, July 10th at 3 p. m.

The postponed one club game was played by the ladies on Friday evening and was won in the first flight by Mrs. VanTieghem using a flugel, and by Miss Brown in the second flight using a mid-iron.

A mixed team of Golfers from Glendon will engage a local team on Strathmore links next Sunday afternoon.

In preparation for the coming "Tombstone" game, club members are advised to commence counting on 175 traps each as soon as possible. Prizes will be awarded. In this competition one each (Lady and Gentleman's) for the best distance made is offered, one each, and one for the best original trap (Lady's or Gentleman's).

The tombstone game will be mixed foursomes, and players are requested to arrange their own foursomes or apply to Mrs. VanTieghem.

## Handling Natural Swarms

(Experimental Farm Notes)  
 To facilitate the handling of natural swarms, clip the wings of all laying queens early in the season, preferably during the first honey flow. Clipping the queen's wings does not stop the colony from swarming but prevents the queen from leaving with the swarm, which will return as soon as the bees realize that the queen is not with them. When the swarm issues, the queen will usually be found on the ground in front of the hive. Place her in a small box or cage and while the swarm is in the air remove the old hive from its stand, replacing it with a new hive filled with empty drawn combs or foundation. Over the new hive place a queen excluder and catch top of this, all the bees from the old hive. The swarm will return to the new hive and as the bees enter the queen can be released among them at the entrance.

To prevent after-swarming, the comb in the old, fly parent colony should be examined at once, all queen cells destroyed, and a young laying queen introduced. If no queens are available, leave one capped and one uncapped cell. The parent colony is best managed by the side of the new hive but with its entrance facing at right angles to that of the new. Turn the parent colony a little each day so that in about six days its entrance will be facing in the same direction as that of the new hive. On the sixth or seventh day, when the bees are flying freely, move the parent colony to a new location, this will cause all the workers to unite with the swarm.

If by accident a swarm issues with a laying queen, it will usually cluster on some nearby tree or bush. After the bees are all settled, the limb on which they cluster can be cut off and the swarm carried and shaken down in front of a hive prepared for it. It can be returned to the hive from which it issued, first destroying all queen cells. The old queen also should be killed and the colony requested ten days later with a young laying queen.

### SHIPMENTS OF GRAIN

Railway companies operating in Al-  
berta have shipped a total of 152,415,  
775 bushels of wheat between Sep-  
tember 1 of last year and May 31 of this  
year, being the 1923-24 crop shipping  
season. In addition to this the rail-  
ways report a total of 11,186,589 bush-  
els of wheat in store in line elevators.  
This makes a total marketed of  
163,602,364 bushels of wheat, but from  
this must be deducted about 20,000,000  
bushels to allow for the quantity re-  
ceived from points in Saskatchewan  
which are included in Alberta distric-

### MACLEOD CELEBRATES

The fiftieth anniversary of the ar-  
rival of the Northwest Mounted Police  
in Western Canada, coincides with  
the establishment of Port Macleod.  
was celebrated at Macleod the past  
week with immense success. Approx-  
imately 25,000 visitors from all parts  
of Canada and from the States visited  
the little Alberta town and partici-  
pated in the event.

of the C.P.R. and to allow also for  
duplication in handling of grain con-  
signment lines.

## Rosebud Notes

About fifty residents from Rosebud,  
Rockyford, and vicinity, attended the  
home of Mr. and Mrs. J. C. Campbell  
on Friday, July 11th, being the annual  
anniversary of their wedding. There  
was music, and recitations were en-  
joyed until the wee small hours, when  
a delicious lunch was served, at the  
conclusion of which Mrs. Vaughn, of  
Edmonton, presented the couple with  
a dozen sterling silver teaspoons and  
a cold meat box, in behalf of their  
friends. Mr. Campbell responded  
most fittingly. It was daylight before  
the guests started for home.

Meyle Jones has returned to his  
home in Rosebud after finishing his  
term at Mount Royal College, Calgary.

Mr. and Mrs. Lyl Jones are visit-  
ing their parents in town.

We regret very much to learn that  
Walter Hymas is ill in Calgary Hos-  
pital and will be there for a month.

The Ladies Aid held their regular  
meeting on Saturday afternoon last,  
and had a good attendance. Plans  
are being made for another treat  
during this month. Details will be an-  
nounced later.

Last Saturday a electrical storm did  
considerable damage to property and  
crops on the farms south of Rosebud.  
It took the form of a small cyclone,  
and the effects in some places were  
freakish. On the Constock farm a  
chicken house was turned over and  
about twenty-five young chickens  
killed as well as other damage, but on  
the farm of Mr. Ed. Nicklason, the  
wind seemed to be in its glory. Mr.  
Nicklason had about 100 acres of  
wheat badly killed, and one of his  
chicken houses was turned over and  
over about fifteen times, but not a  
chicken was broken. The bankhouse  
was overturned and a big blacksmith  
shop, where he kept his auto there,  
was simply reduced to kindling, his  
truck being left intact.

The Rosebud Tennis Club will hold  
a dinner in Rosebud Hall on July 12th.  
Reservations for tickets will be in ac-  
tendance.

Mr. Spence who is Rosebud on Mon-  
day and Tuesday last, straightened  
his affairs before leaving for good. We  
are sorry to hear that neither Mr.  
Copp nor Mr. Spence will be return-  
ing to Rosebud to teach. In the effort  
to save down expenses the school board  
passed the teachers the option of hand-  
ling in their resignation or accepting  
reduced salaries. We understand that  
the board intends calling for tenders  
for all positions held in connection  
with this school. Both of the teach-  
ers who are leaving were good, and  
Miss Copp especially has done won-  
ders with her own full of small chil-  
ren. It is a great handicap to the  
pupils to have the teachers continually  
changing, and we sincerely trust  
that the new ones will be as successful  
to everybody and will make Rosebud  
their headquarters for some time to  
come.

Miss Grace Walker is spending her  
holidays with her parents on their  
farm.

Strathmore Stampede, the big day  
of Western sports. Don't forget the  
date, July 16th.

### SUPERVISORS IN WEED CAMPAIGN

The field supervisors in the weed  
campaign are as follows: W. A. An-  
derson, Field Supervisor, Medicine  
Hat; Geo. A. Ingram, Field Supervisor,  
Raymond; C. C. Kelley, Field Super-  
visor, Pincher Creek; H. T. Harris,  
Field Supervisor, Charbonnet; E.  
Brennan, Field Supervisor, Lacombe;  
T. Hogan, Field Supervisor, Innisfail;  
J. B. Lawrence, Field Supervisor, Drum-  
heller; W. Hensel, Field Supervisor,  
Calahoo; H. E. Cline, Field Supervisor,  
Sedgewick; T. H. Taylor, Field Super-  
visor, Wetaskiwin; Jos. Bonner,  
Field Supervisor, 100 yards Block  
Edmonton; E. H. Buckingham, Field  
Supervisor, Vermilion.

tion expires. If YOU are in  
arrears we would appreciate an  
immediate settlement.

## What The Red Cross Has Done In a Rural School

A teacher of many years' experience  
who has been in charge of rural as  
well as of city schools gave the follow-  
ing striking testimony to the value  
of the Red Cross as an educational  
factor in the lives of the children:  
"When I think of the poor little prac-  
tice school of the early days, with its  
bareness, and rough and ready ap-  
pearings, its daily instructor, with no  
children none to clean, and frequent  
suffering from some physical disad-  
vantage which money and time could have  
remedied when I remember the festi-  
vation and the loveliness of No  
10 and I find it was a great thing  
you gave up only your criticism, and  
with no knowledge of the greatest  
thing in the world health. When I  
look at a rural school today, in which  
there exists a branch of the Junior  
Red Cross which is active and en-  
thusiastic I see every where testimony  
that tell me a story. In the clean  
and wholesome appearance of the  
scholars as they march to morning  
inspection when skin, hair, teeth,  
nails come under the critical gaze of  
a Health Monitor, I know that school  
is "playing the Health Game" and try-  
ing to become 100 per cent healthy.  
When I observed the well-kempt  
look I can make a safe guess that they  
have a daily Hot Lunch installed in  
this school, with plenty of bread and  
cocoa and no tea or coffee. When I  
am a spectator at one of their meet-  
ings and see the orderly manner with  
which all affairs are transacted, "ar-  
ranging to have" I perceive that they  
are acquiring valuable experience in  
the conduct of affairs which will en-  
able them to take their place later on  
as intelligent citizens, able to give  
expression to their opinions without  
self-consciousness and in becoming  
language.

When I realize that these children  
suffer from the thousands and  
realize that by their own initiative  
and work they have in maintaining  
a healthy fund in order that they may  
get their share in the support of the  
Sick Children's Hospital in Calgary  
which is the big thing that every  
child knows how to do, I realize  
that they are practicing a creed as  
great as any and one which will be-  
come their whole spiritual support  
for life. "I accept a high standard  
and promise to help those less fortunate  
than myself and to be a good citizen  
when I am grown."

The Junior Red Cross is opening up  
new avenues in educating the youth,  
bringing into the life of a rural  
school new motives and new ideals.

The Junior Red Cross is doing for  
the young generation what will prove  
in time to be one of the most impor-  
tant things in the growth of the Cana-  
dian Nation. It is teaching the youth  
the way of health and good citizen-  
ship.

### DATES FOR FIRST CORN SHOW

That the Alberta Corn Show has  
been set for November 12th and  
14 at Medicine Hat. This year about  
100,000 acres of corn are being grown  
in Southern Alberta.

## Local Notings Ernest Torrence

Has Rival And It is a Woman

OF LOCAL INTEREST  
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 17 or 64.

Mr. and Mrs. Duckery are amongst those holidaying in Calgary and are to be seen at the week-end Strathmore Stampede, the big day of Western sports. Don't forget the date, July 16th.

In last week's school promotion list the name of Michael Morin was omitted from the list of those passing from grade four to five.

Word has just been received that C. Norrings has been appointed agent for the Calgary Brewing Co.

Mr. and Mrs. Harvey Hanson are expecting in the birth of a son. Miss W. J. Brown, of the bank here, was a visitor to Calgary for the week-end.

Geo. Stewart and family returned to Macleod for the jubilee celebration, being away about a week. Mrs. Swenson has returned from Sylvan Lake, where she has been visiting with friends.

Mrs. Lyle and infant son returned to a visit in Edmonton. Miss Iva Rindon, of Orange Valley School, and Willie Fisher of Calumet School, were successful in qualifying for the week's tuition at Chalmers School, given by the Department of Agriculture for those obtaining high points in the Strathmore School Pair of 1923, in the subjects taken in at the Agricultural School. They are attending the course at Chalmers this week.

R. L. Whitney, principal of Strathmore school, is travelling to Edmonton by cycle.

## Wedding

A quiet, but very pretty wedding, was solemnized in the Central Methodist Church, Calgary, on Monday, June 26th, the contracting parties being Miss Marie M. Norgeson and Mr. C. Whitely, both of Nova Scotia. The Rev. Theo. Phillips, of Calgary, officiated at the bride and groom, attended by the bride's mother, Mr. and Mrs. Norgeson.

The bride, who was given away by her brother-in-law, Mr. James Wright of Calgary, was prettily gowned in a dress of pearl grey velvet, trimmed with touches of blue, and a long veil. She had to match and carried a bouquet of lily of the valley.

Selections of suitable music were played by Mrs. Phillips as the guests and bride party entered the church. Mrs. James Wright, a sister of the bride, acted as matron of honour. The wedding march was played as the bride left the church for the Tea Kettle Inn, where a dainty luncheon was served, after which the happy pair left by car for Sylvan Lake and other points.

Edna May Oliver in "Icebound" is a Contender for Torrence's Laurels.

Edna May Oliver, who plays the part of Hannah in the quiet story, "Icebound," is a contender for Ernest Torrence's laurels. Miss Oliver played Hannah in "Icebound" when it was on the boards at the Harris Theatre last year, and secured a personal success. When William de Mille planned the film production of "Edna May Oliver," he selected Miss Oliver to appear in the stage role she had created.

As the shattering story on a farm in New England, Miss Oliver presents a character study which is filled with quiet moments, a personality which is made more interesting through its atmospheric surroundings. In her shattering walk, her wonderful play of facial expressions and her seeming indifference, she creates a memorable figure on the screen.

Miss Oliver makes her debut in Paramount pictures in "Icebound" after several years of success as a character actress on the stage. She made her debut with Nance O'Neill in stock in Boston.

"I adore character parts," said Miss Oliver, "and believed acting before the camera would be easy. I learned differently, however. Screen acting is most exciting, but none so delightful."

Richard Dix and Lois Wilson are featured players in "Icebound" which will be shown at the Memorial Hall on Saturday. Among the more prominent players in the supporting cast are Vera Reynolds, Ethel Wales and Alice Chapin.

Strathmore Stampede, the big day of Western sports. Don't forget the date, July 16th.

## Edmonton Stampede and Exhibition

The coming stampede is to take place in Edmonton on Saturday, July 13th to 15th is keenly looked forward to throughout a very wide district.

It is the first rodeo stampede staged in the Capital City and from every indication it promises to be an extremely interesting and thrilling spectacle to watch.

No pains or expense have been spared in the preparations for this show. Outlaw horses have been secured from different parts of the country and riders for them are coming from all parts of Western Canada and the Western States. The Stampede events are not just fun and games, but contain interesting features such as broncho-busting, riding of wild steers and cows, milking of wild cows, calf roping, competitive, Roman wrestling, races, Indian and Squaw races, etc.

The Indians of the Hobbema Reserve are taking part in the stampede. They will live during the Fair week in the Indian village on the Exhibition grounds. This village will be built around the model of the ancient "town" Bay fort. Chas. E. Maclean and Samson with their councillors will be there. One of the councillors, a veteran of 40 years and uncle to the present chief Ernie Skin will take an active part in the affairs of his people. Feathers, scale and war-paint will be the picturesque background of these dusky visitors as they take part in the street parade and other events, which will probably include a procession.

The exhibits, agricultural, industrial and artistic are to be as plentiful as the number of show-barns. The exhibits will take place in the evenings this year instead of the afternoon as formerly and will be in front of the grand stand. Auto races, vaudeville shows and fireworks take their usual places in the events. A new attraction advertised is the horse-pulling contest. A dynamometer, the latest invention for testing the pulling power of a horse will be run in two classes, one for the farmer teams only and one for city and farm teams. The prize will be \$100.00 for the best team. Suitable prizes are offered for these contests. The entries for Stampede events will close on July 14th.

## SALE OF UNCLAIMED HORSES

The second auction sale of horses rounded up in the recent roundup covering southern ranges, will be held at Brooks, July 24. Chas. Mickle is the government representative in this sale.

## Slats' Diary

Friday—well June and me had a nice long talk today and every thing is a running more smoother than ever. I got confidential and told lots of foolish things and she kinda took the starch out of my sales. It was this way. I said, Why other girls can hold a candle stick to you as far as I am concerned why you can make a fool out of me just like I will let you say over a repeating it over that she up and says, even even if I and Su nuture I don't just say it what she means when she talks of things like this and that and.

Sunday—They is a new kid want a fight and swimmer with the gun today, and Pug Stevens that he would have him with him and have a little bit with him. Just to knock him in right he said. Well before it was over the new kid which's name by the way is Archie can put him making a respectable citizen out of Pug. And now Archie is in Carleton here.

Sunday—The preacher got in to help to gather up the collection this morning at church. It was to raise money to play Golf. And he told us to watch out a big die Black snake when I was about 14 ways down it kinda interested he about the job.

Tuesday—Fried Hen drive, in today will be a writing on the front and Uncle Ben said. Why I can't hear my engine run since I got it fixed. Pa said, Well you ain't got nothing on me that's the trouble with this engine to.

Wednesday—Since eggs has not so cheap we ain't had nothing else to eat I guess like. Pa and me was taking this evening and I did whiteripery I wish to goodness Old hens wood lay sum thing else besides Eggs once in a while.

Thursday—Ant Emmy batted us out for calling his Umbrella Adam. She said him win on earth do you call it Adam for. And he replied and and Well just because it has got one rib missing that's why. She that he was just simply see full.

### GRAIN PRICES

The following grain prices are for grain by wagon-load at Strathmore, not track prices, and for information of the public only. Figures are supplied by Mr. T. H. Eves, of the Union Food Elevator.

## Strathmore Pharmacy

Reall Drug Store

Town of Strathmore

NOTICE RE CUTTING WEEDS

The Town Council requests that residents of the Town should cut weeds on their respective properties, and on the streets fronting their respective properties, and that this be done not later than the 14th July. By Order of the Town Council.

F. R. LILLY, Sec-Treas.

### Here and There

Comparative figures on the hydro power installed in the United States and Canada show that the latter is far in the lead in respect of horsepower installed per 1,000 of population. The United States has 453,000 h.p. of installed water power against Canada's water power installations of 3,227,414 h.p. The horsepower per 1,000 of population in the United States is 35, but in Canada it is 350.

A study increase in the volume of wheat exports from Canada is noted in the monthly statement issued by the Bureau of Statistics. In April, 1924, 6,045,465 bushels in all were exported, as against 5,143,284 in April, 1923, including the figures for 32,805 bushels sent to the United States, 2,972,469 to the United Kingdom and 2,048,191 to other countries.

Approximately 80 per cent of Manitoba's wheat acreage has been seeded, despite the general lateness of work on the land occasioned by unfavorable spring weather. Practically every district correspondent reports a reduction in the wheat acreage, with corresponding indications that barley and flax acreage, in particular, will be increased.

Alberta provided the bulk of the wool sold by the Canadian Co-operative Wool Growers' Association last year, 1,002,013 pounds, of the total of 2,843,265 pounds of the 1923 clip, coming from this province, according to a statement made by the general manager of the Association, Ontario growers took second place, with 836,076 pounds, followed by Manitoba—244,245 pounds, and 4,402 pounds. Sundry shipments totalled 31,509 pounds.

### ST MICHAEL AND ALL ANGELS CONFIRMATION SERVICE

The Lord Bishop of Calgary conducted confirmation service here on July 6th at 11 a.m. A large congregation assembled to witness the service of "Laying on of Hands" there being 77 present. There were 14 in all confirmed. There being as follows.

From Nightingale — Agnes Mariel Hauser, Constance Norlin Hauser, Frederick Norton Hauser, George William Hauser, Edwin Thurston, George Stewart Thurston.

From Strathmore — Sarah Peterson Wright, Marion Dalrymple Lilly, Mary McNeish Watson, Mary Sweetman, Annie Parker, Elizabeth Ethel Crellan, Anthony Pratt Parker, Mark Crellan.

Strathmore Stampede, the big day of Western sports. Don't forget the date, July 16th.

## The Toy Canoe

THE TOYKAYAK AND HIS CANOEING IN A PLACE OF THE NEW GROUND. When at Christmas time we turn into a toy store or in a large department store toward the toy counter, we are apt to see in our mind's eye only the toy and the child. Some of us see and feel ourselves. And in spirit go back to the days when toys were to us, as they are to children, the embodiment of the imagination. The tangible form of our dreams? Sight of the toys, the touch of them, is a magic wand restoring our lost childhood. And so we really end in buying the thing that we like, the thing that takes our fancy. That is, if we have a choice, and are not forced by circumstances of limited stock or limited means to take what we can get.

But the toy reaches further back than this. Behind each is the toy maker. The man or woman whose deft fingers shape the thing of air, wood or metal, whose imagination and life out of unpretentious and wholly unassuming raw materials. Thus Canada's men, art-craftsmen, who see in the forest-felled logs figures of spirit, windmill, weather-vane, miniature canoes, legends of Mother Hubbard.

Take the part-French, part-Indian, maker of the toy-canoe that delights the hearts of little boys even when for lack of lake, river or sea in their neighborhood they are forced to sail in the bath-tub, or just carry it to bed closed in chafin' arms, at night, as a sort of guardian, a spirit of more? The presence of "Mother" as the wood-carver calls himself down in Quebec, and the elemental knowledge and association of the canoe that in the Indian reaches back to prehistoric days in this great stretch of country that is Canada.

It would be difficult to say which side of him aids the other most, but it is true that in combination, he is something more if an artist than the United States or Mexico to the South, without such combination can boast. A born toy-maker. Some of the toys that he produces are something which is of the spirit and of life, and which makes it self-representative rather than a mere thing of wood. So fine in its line that it is no mere substitute but a miniature of the larger canoe, the boat of a race. No less than the Viking ship or the gondola is the boat of a race and a people.

Did we see the artistry and human interest, not to speak of the nationality, the true Canadian, the true Canadian, who would select them and put them more in the hands of children than we do. Even in giving the purely mechanical toy to the child the youngster not having arrived at the age of mechanician proceeds to see the suggestion, the romance, the story, the association. As to wit the "whacha" train, the model of the mechanic, the parts which are far too small to interest the mind at that stage.

And when you happen upon the canoe-carver at work out of doors in one of those many quiet and intimate villages along the St. Lawrence between Montreal and Quebec, his own child seated on the logs, one of the rough canoes in his little hand, how convincing it makes you feel for the "The big life" will, as it were, touch the forest. And all these things, too, are in the toy canoe over which the mind of childhood dreams.—Victoria Hayward.
